"We and our other national partners offer you unparalleled experience and expertise."

reneos

Reneos is smart and easy

We offer a **full range of services**: legal compliance, logistics, storage, recycling, 2nd life and more. Let us know what you need.

We work together with your existing compliance organisation in each country, or you can choose a partner from our network. You decide.

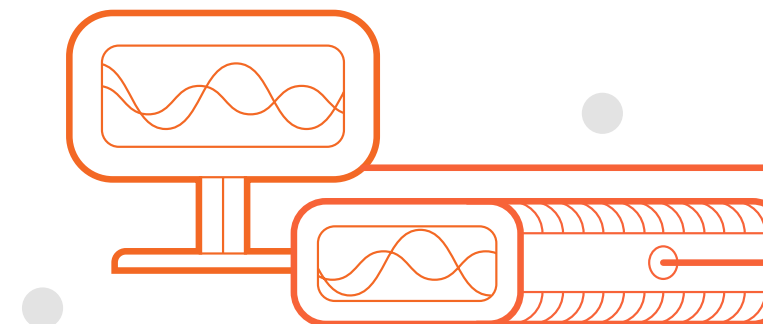

A single point of contact at our end and one single invoice for all of Europe make your life simpler.

- › **Tailor-made: the choice is yours**
- › **Single point of contact**
- › **One invoice**

Reneos is cost-efficient

As market leaders in national battery collection we can provide access and synergies that no one else can.

We are **Europe's market leaders** in battery collection. With many years of experience and expertise we can offer you the most efficient and safe solutions.

One easy tool for all

› **From pick-up to recycling or second life**

A car dealer in Norway, a storage partner in Germany, a diagnostics centre in Belgium, a re-use facility in Italy or a recycler in France: they can all use our Reneos online platform to complete their transactions.

Reneos provides clear and convenient dashboards for all of them.

› **We are flexible**

You have your own online tool?
We are happy to use it.
